Dear MVMS Parents and Guardians,

With first trimester finals taking place this week, it's time to prepare for **second trimester, beginning Monday, November 16, 2026!**

MVMS has experienced a significant increase in student enrollment this year. To accommodate our growing student body, we have added additional sections of Science, Social Studies, and several elective classes.

All students will receive their second trimester schedules today during 7th hour. Please review your student's schedule together.

Important Class Change Information

- **Schedule Distribution:** Tuesday, November 10, during 7th hour.
- **Class Change Forms:** Available in the MVMS office.
- **Parent Approval:** All requests MUST include a parent/guardian signature.
- **Deadline:** Monday, November 16, 2026, by **4:00 p.m.** All forms must be returned to the MVMS office.
- **Priority Requests:** Scheduling errors, missing prerequisites, and academic placement concerns will receive first consideration.
- **Limited Availability:** Many classes are already full due to increased enrollment. Changes to teachers, class periods, or electives may not be possible.
- **Counseling Support:** Our counseling office will review all requests and do its best to accommodate changes when space and scheduling allow.
- **Important Reminder:** Submitting a class change form does not guarantee that a change can be made.

Thank You for Your Understanding!

We recognize that students may have preferences regarding their classes and teachers. However, with our growing enrollment, we ask for your patience and flexibility as we work to provide the best possible schedules for all students.

Our goal is to help every student have a successful second trimester!

Thank you for your continued support of Mountain View Middle School.
