Dear Mountain View Middle School Parents and Guardians,

We are excited to invite you to **MVMS Fall Parent Night on Thursday, October 8, from 5:00–7:30 p.m.**

Parent Night is a great opportunity to come to Mountain View Middle School, **visit with your student's teachers, receive a current progress report, ask questions, and learn more about what your student is doing in their classes.**

What to Expect at Middle School Parent Night

Parent Night at the middle school level looks a little different from the traditional parent-teacher conferences you may have experienced in elementary school.

In elementary school, students typically spend most of their day with one teacher, which allows for a longer individual conference. At MVMS, students have several different teachers throughout the day. Because families may want to visit with multiple teachers, **conversations during Parent Night are intended to be brief check-ins** so that everyone has an opportunity to meet with their student's teachers.

During your visit, you can:

- Pick up your student's **current progress report**.
- Briefly visit with each of your student's teachers.
- Ask questions about grades, assignments, attendance, and classroom expectations.
- Learn more about what your student is currently working on in class.
- See some of the great things happening at Mountain View Middle School.

Need More Time With a Teacher?

We understand that sometimes a brief conversation is not enough. If you have a concern that requires a longer or more private discussion, we encourage you to **schedule a separate conference with that teacher**. Our teachers are happy to arrange a time when they can give you their full attention and discuss your student's needs in greater detail.

Our goal for Parent Night is to provide families with an opportunity to connect with teachers, better understand how their student is doing, and strengthen the partnership between home and school.

We appreciate the tremendous support our families provide to MVMS. **We look forward to seeing you Thursday, October 8, anytime between 5:00 and 7:30 p.m.!**
