**Dear MVMS Parents and Families,**

I hope everyone is doing well! It has been a fun and busy week at Mountain View Middle School. Our students have settled into the school year and are doing a great job following their daily routines and schedules. We appreciate your continued support and all you do to help your students be successful. If you have questions or concerns about your student's classes, assignments, or progress, please feel free to email or call their teachers. Our teachers are always happy to help.

## **Bus Evacuation Drill – September 24**

On **Thursday, September 24**, MVMS students will participate in a **Bus Evacuation Drill**. This is only a drill, but it provides an important opportunity for students to learn and practice how to safely evacuate a school bus in the event of an emergency. We will take time to review bus safety procedures with our students and discuss what they should do during an emergency. Please let us know if you have any questions or concerns regarding the drill.

## **BHS Homecoming Week**

It has been fun supporting **Blackfoot High School Homecoming Week!** Our students and staff have enjoyed participating in dress-up days centered around this year's Homecoming theme.

On Thursday afternoon, the **BHS Homecoming Parade** is expected to come through the MVMS parking lot at approximately **2:30–2:40 p.m.** Please note that this time is subject to change. We plan to take our students outside to cheer on the BHS students, teams, clubs, and Homecoming floats as they pass by MVMS.

We are excited to support BHS and be part of the Homecoming celebration!
