

Blackfoot Assurance Program for eDevices (BAPE)

What is it?

The iPad Damage Optional Insurance program is designed to help offset the costs of a lost or damaged iPad to families. School Board policy (Blackfoot Board Policy 548) requires restitution be assessed for lost or damaged school property including Technology. However, unlike the loss of a sports uniform or damage of a textbook, the costs for an iPad can be greater. Optional insurance is our way of helping offset unforeseen expenses for families. This program is optional, but can provide significant savings in the event of accidental damage or loss.

How much does it cost?

The iPad Damage Insurance Policy premium is an optional, annual, non-refundable \$25/year premium per participant. It is not proratable for partial semesters. Students who newly enroll in the district during the second semester will have the option to participate in that school year's coverage at the rate of \$15. The amount of the premium may change from year to year based on data from the previous year's damage rates.

To join the current year's insurance pool, any previous LTP partial insurance payments and repair fees must be paid in full.

To opt out, simply disregard the fee - it will be voided at the end of the enrollment window for those who choose not to participate.

If you choose to not participate in this program, you will be responsible for the full cost of replacement or repair as outlined in Board Policy 548.
